| ER2-150S | | Blue | Blue | Purple | Purple | Purple | Purple | Purple | Purple |
| ER2-200S | | Blue | Blue | Purple | Purple | Purple | Purple | Purple | Purple |

Containers are installed differently depending on the types of the products or lift.
The steel containers may not cover the standard curve radii depending on their installation conditions.

Product Configurations

The following types of the hoist are configured differently from the above: Large capacities (7.5t or more), ER2SG/SP for crane, TWER2M and SHER2M
