Announcement of effects caused by the 2011 Earthquake off the Pacific Coast of Tohoku

We hereby extend our sincere condolences to people suffering from the earthquake and Tsunami which occurred on March 11, 2011.

We announce the effects caused by the earthquake as follows.

1. Damage

We didn't suffer any damage on our employees and on our assets. And in Yamanashi Headquarters, which is our main factory, we are continuing our business as usual except some effects caused by rolling blackout plan.

2. Effects on our business performance

Without effects caused by rolling blackout plan, we'll suffer very minor damage on our business performance in 2011FY.

If significant impact on our business is predicted, we'll announce immediately.
